

AGP-16. GOVERNMENT PROPERTY

(This deletes and is substituted for the Article of this Contract entitled "Government Property.")

(a) Government-Owned/JPL-Furnished Property (hereafter "GFP").

- (1) JPL shall deliver to the Contractor, for use in connection with and under the terms of this Contract, the property described in the Schedule or specifications together with any related data and information that the Contractor may request and is reasonably required for the intended use of the property.
- (2) The delivery or performance dates for this Contract are based upon the expectation that GFP suitable for use (except for property furnished "as-is") will be delivered to the Contractor at the times stated in the Schedule or, if not so stated, in sufficient time to enable the Contractor to meet the Contract's delivery or performance dates.
- (3) If GFP is received by the Contractor in a condition not suitable for the intended use, the Contractor shall, upon receipt of it, notify JPL, detailing the facts, and, as directed by JPL and at JPL expense, either repair, modify, return, or otherwise dispose of the property. After completing the directed action and upon written request of the Contractor, JPL shall make an equitable adjustment as provided in paragraph (h) of this Article.
- (4) If GFP is not delivered to the Contractor by the required time, JPL shall, upon the Contractor's timely written request, make a determination of the delay, if any, caused the Contractor and shall make an equitable adjustment in accordance with paragraph (h) of this Article.

(b) Changes in GFP.

- (1) JPL may, by written notice, (i) decrease the GFP provided or to be provided under this Contract, or (ii) substitute other GFP for the property to be provided by JPL, or to be acquired by the Contractor for JPL, under this Contract. The Contractor shall promptly take such action as JPL may direct regarding the removal, shipment, or disposal of the property covered by such notice.
- (2) Upon the Contractor's written request, JPL shall make an equitable adjustment to the Contract in accordance with paragraph (h) of this Article, if JPL has agreed in the Schedule to make the property available for performing this Contract and there is any:
 - (A) Decrease or substitution in this property pursuant to subparagraph (b)(1) above; or
 - (B) Withdrawal of authority to use this property, if provided under any other contract or lease.

(c) Title.

- (1) The Government shall retain title to all GFP.
- (2) All GFP and all property acquired by the Contractor, title to which vests in the Government under this paragraph (collectively referred to as "Government Property"), are subject to the provisions of this Article. Title to Government property shall not be affected by its incorporation into or attachment to any property not owned by the Government, nor shall Government property become a fixture or lose its identity as personal property by being attached to any real property.
- (3) Title to each item of facilities, special test equipment, and special tooling (other than that subject to a special tooling Article) acquired by the Contractor for JPL under this Contract shall pass to and vest in the Government when its use in performing this Contract commences or when the Government has paid for it, whichever is earlier, whether or not title previously vested in the Government.
- (4) If this Contract contains a provision directing the Contractor to purchase material for which JPL will reimburse the Contractor as a direct item of cost under this Contract:
 - (A) Title to material purchased from a vendor shall pass to and vest in the Government upon the vendor's delivery of such material; and

- (B) Title to all other material shall pass to and vest in the Government upon:
- (i) Issuance of the material for use in Contract performance;
 - (ii) Commencement of processing of the material or its use in Contract performance; or
 - (iii) Reimbursement of the cost of the material by JPL, whichever occurs first.
- (d) Use of Government Property. The Government property shall be used only for performing this Contract, unless otherwise provided in this Contract or approved by JPL.
- (e) Property Administration.
- (1) The Contractor shall be responsible and accountable for all Government property provided under this Contract and shall comply with FAR Subpart 45.5, and any corresponding implementing or supplementing provisions in the NFS, as modified by the JPL document "Management of Government Property in the Possession of Contractors" (JPL 0968, a copy of which is attached to and made a part of this Contract), as in effect on the date of this Contract.
 - (2) The Contractor shall establish and maintain a program for the use, maintenance, repair, protection, and preservation of Government property in accordance with sound industrial practice and the applicable provisions of Subpart 45.5 of the FAR, and any corresponding implementing or supplementing provisions in the NFS.
 - (3) If damage occurs to GFP, the risk of which has been assumed by JPL under this Contract, JPL shall replace the items or the Contractor shall make such repairs as JPL directs. However, if the Contractor cannot effect such repairs within the time required, the Contractor shall dispose of the property as directed by JPL. When any property for which JPL is responsible is replaced or repaired, JPL shall make an equitable adjustment in accordance with paragraph (h) of this Article.
 - (4) The Contractor represents that the Contract price does not include any amount for repairs or replacement for which JPL is responsible. Repair or replacement of property for which the Contractor is responsible shall be accomplished by the Contractor at its own expense.
- (f) Access. JPL or the Government and all their designees shall have access at all reasonable times to the premises in which any Government property is located for the purpose of inspecting the Government property.
- (g) Risk of Loss. Unless otherwise provided in this Contract, the Contractor assumes the risk of, and shall be responsible for, any loss or destruction of, or damage to, Government property upon its delivery to the Contractor or upon passage of title to the Government under paragraph (c) of this Article. However, the Contractor is not responsible for reasonable wear and tear to Government property or for Government property properly consumed in performing this Contract.
- (h) Equitable Adjustment. When this Article specifies an equitable adjustment, it shall be made to any affected Contract provision in accordance with the procedures of the "Changes" Article. When appropriate, JPL may initiate an equitable adjustment in favor of JPL. The right to an equitable adjustment shall be the Contractor's exclusive remedy. JPL shall not be liable to suit for breach of contract for:
- (1) Any delay in delivery of GFP;
 - (2) Delivery of GFP in a condition not suitable for its intended use;
 - (3) A decrease in or substitution of GFP; or
 - (4) Failure to repair or replace Government property for which JPL is responsible.

- (i) Final Accounting and Disposition of Government Property. Upon completing this Contract, or at such earlier dates as may be fixed by JPL, the Contractor shall submit, in a form acceptable to JPL, inventory schedules covering all items of Government property (including any resulting scrap) not consumed in performing this Contract or delivered under this Contract. The Contractor shall prepare for shipment, deliver f.o.b. origin, or dispose of the Government property as may be directed or authorized by JPL. The net proceeds of any such disposal shall be credited to the Contract price or shall be paid to the Institute as JPL directs.
- (j) Abandonment and Restoration of Contractor's Premises. Unless otherwise provided herein, the Government through JPL:
 - (1) May abandon any Government property in place, at which time all obligations of the Government and the Institute regarding such abandoned property shall cease; and
 - (2) Has no obligation to restore or rehabilitate the Contractor's premises under any circumstances (e.g., abandonment, disposition upon completion of need, or upon Contract completion). However, if the GFP (listed in the Schedule or specifications) is withdrawn or is unsuitable for the intended use, or if other Government property is substituted, then the equitable adjustment under paragraph (h) of this Article may properly include restoration or rehabilitation costs.
- (k) Communications. All communications under this Article shall be in writing.
- (l) Overseas Contracts. If this Contract is to be performed outside of the United States of America, its territories, or possessions, the words "Government" and "Government-furnished" (wherever they appear in this Article) shall be construed as "United States Government" and "United States Government-furnished," respectively.
